NATIONAL MUSEUM

Die Sammlung von **Land-**, **Süsswasser-** und **Meer-Conchilien** des verstorbenen Herrn Consul Gruner, welche, wie das nachfolgende Verzeichniss derselben ergiebt, eine der grössten und bedeutendsten Sammlungen Deutschlands sein dürfte, soll nach der letzten Willensverfügung ihres Besitzers im Ganzen verkauft werden. Dieselbe ist reich an ausgezeichnet schönen und seltenen Exemplaren, indem Herr Gruner seit Jahren kein Geld und keine Mühe sparte, sich dergleichen zu verschaffen. Die Conchilien sind, so viel sich beurtheilen lässt, richtig bestimmt, denn auch in dieser Hinsicht wurde von ihrem Besitzer die grösste Sorgfalt getragen. Sollte es sich indessen finden, dass das eine oder andere Stück nicht richtig bestimmt worden wäre, so behalten die Nachgebliebenen sich vor, dafür keinerlei Verantwortung zu übernehmen. Die ganze Sammlung enthält ohngefähr **dreiundzwanzigtausend** Exemplare.

Oeffentliche Museen oder Privatsammler, welche Neigung haben sollten, diese ausgezeichnete Sammlung zu acquiriren, werden eingeladen, sich in portofreien Briefen an die Frau Consulin Gruner hierselbst zu wenden, und werden von dieser das Nähere über den Preis und die Besichtigung erfahren.
